HI-HO FARMS SHORTHORN SALE

Welcome

Dear Shorthorn and Polled Shorthorn Breeders, far and near—

Shorthorn and Polled Shorthorn cattle will be judged at the Eastern National Livestock Show, at Timonium, Maryland, on Thursday November 17, 1960. Our Hi Ho Farm Production Sale will be held at the farm, starting at twelve o'clock noon, on Friday, November 18, 1960.

We extend a cordial invitation to all of our friends of the Shorthorn and and Polled Shorthorn fraternities to join us for a late afternoon and evening party which we have arranged to hold in the Administration Building on the Maryland State Fair grounds, Timonium, Maryland, after the Shorthorn Show on Thursday, the seventeenth.

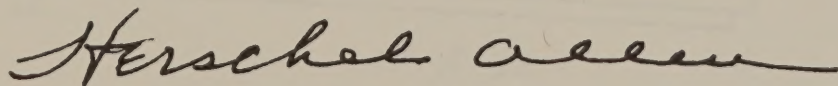

Hi-Ho Farm also wants to invite all of you to the Farm to inspect the entire herd and the sale animals at any time during your visit to the Eastern National, either earlier in the week or certainly not later than the morning of Friday, November 18, 1960.

It is our hope that this sale will prove to beef cattlemen everywhere that seed stock of the highest quality is available in Maryland and at Hi Ho Farm. Encouraged by the widespread interest displayed in our former sales, we have put renewed efforts into our preparations and consignment of cattle for this 1960 sale. We offer them with great pride and with the firm belief that a finer group has never been exposed for sale in a public auction on the Eastern Seaboard. All are top individuals and all are backed by blood lines that will insure top performance.

Since it is necessary for us to have this reduction sale we are offering many of the finest cows in our herd. In order for us to stay in the Shorthorn business we are retaining some of the 1960 daughters of these wonderful producers to keep these popular blood lines in the Hi-Ho herd. We sincerely believe we are giving the buying public a grand opportunity to secure the best in Shorthorns.

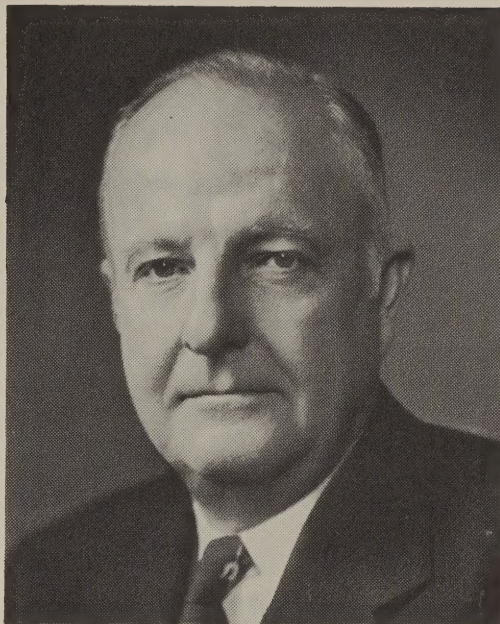

Looking forward to meeting again at Hi-Ho Farm my many Shorthorn friends all over the Country and speaking for all the members of the Hi-Ho organization, I am

Most sincerely,

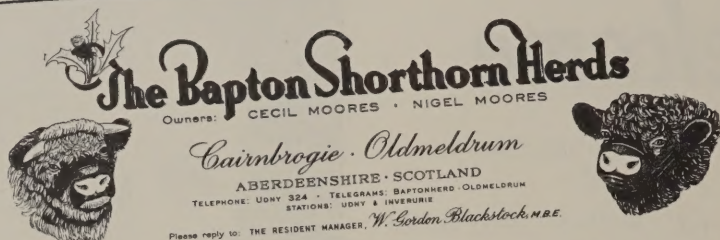

Major H. H. Allen

HI-HO FARMS SHORTHORN SALE

Major H. H. Allen,
J. E. Greiner Company,
Consulting Engineers,
1106 N. Charles Street,
Baltimore 1, Md., U.S.A.

Dear Sir,

I would like to thank you very sincerely for showing me round your Shorthorn Herd recently. I would also like to congratulate you folk on what you are doing, both in the interest of the great Shorthorn breed and in the interest of your beef-producing Nation.

I think you are building your Herd on very sound lines. The grand imported females you have, to me are really outstanding, and their offspring by the two Louada bulls are certainly laying the foundation of what without a doubt will be one of the greatest Herds of Shorthorn cattle in the U. S. A.

Having travelled to all beef-producing countries all over the world, I think that beef is without a doubt one of the soundest investments to-day. When I visited Argentine in 1954 I predicted that in ten years they would be exporting no beef at all, due to their rise in population and their rise in living standards. The fall of the Argentine beef exports is alarming since then, and I think every country must try to stand on its own feet in producing beef for its own Nation, and it is only through the enterprise of good folk like yourselves who are building up pedigree Herds so as to improve the general standard, that this end can be achieved.

Once again, I would like to congratulate you on the tremendous progress your Herd has made and wish you every success in the future.

Yours very sincerely,

W. Gordon Blackstock

HI-HO FARMS SHORTHORN SALE

Group of famous cows at Hi-Ho. Buyers will get an opportunity in this sale to select from these great individuals.

Comments by Sale Manager

I have had the pleasure of being closely associated with Hi-Ho Farm for the past fifteen years and have always been impressed with the progress they have made in breeding modern Shorthorns. Only the very most select individuals have been added to this herd with particular emphasis on well bred herd bulls. The Hi-Ho herd is in its strongest position today since rigid culling has been a practice adhered to closely throughout the years.

The necessity of this Reduction Sale affords Shorthorn and Polled Shorthorn breeders a great opportunity to add strength to their herds. Many of the cows in this offering came out of the finest herds of Scotland and North America and as stated elsewhere in this catalog their daughters are being retained to carry on at Hi-Ho. This is not a culling out proposition and the improvement that has been made at Hi-Ho can be made to work for you.

The great young bull Louada Nugget has been working hard at Hi-Ho and you will see him in his everyday working clothes. I feel sure you will be impressed as much as I with his sound structure and breeding ability. There will be more than thirty females in this offering carrying his valuable service.

One of the outstanding features of this sale offering is the fact that the majority of the cows and heifers are well along in calf. Every female selling bred will have been examined by a competent veterinarian where time permits. This is a very sound offering of cattle that will be presented in healthy, vigorous condition but not overdone—ideal for the buyers.

We hope you will plan to attend the Eastern National Shorthorn Show on November 17 and this sale on November 18. This will be the greatest set of Shorthorns to be sold any place in the east this fall.

HI-HO FARMS SHORTHORN SALE

"Heart of the Herd"

The sale of Shorthorn cattle at Hi-Ho Farm on November 18, 1960 represents a draft of cattle from the "heart of the herd." It has been very difficult to select females for this sale. The cows have been grand producers and would not be sold if we were not able to keep daughters in the herd. The home-bred heifers are only being sold because we still have their dams. I am sure that everyone here will see something they like.

The bulls are a sound group of practical prospects grown under conditions that will make them ready for service.

We have always adhered to a very rigid health status of our herd and these cattle can be shipped any place. Also during the last five years we have consistently vaccinated for Leptospirosis. The herd has been T. B. accredited since 1944 and Bangs certified since 1946. All females have been calfhood vaccinated.

We are featuring the get and service of Louada Nugget and every female selling bred in this sale will be examined by a veterinarian. Already we have had many of them examined and you will notice in the footnotes they have already been declared safe in calf. Another examination will be performed before sale date.

A handwritten signature in dark ink, appearing to read 'H. Allen, Jr.' with a stylized flourish at the end.

U. S. A.

Dear Major Allen,

Thought I would just like to drop you a line and say how very pleased I was that you bought Louada Nugget. He was easily my pick of the Sale, with a tremendous head and character he should do a great job at Hi Ho.

I don't know if I told you but I am getting his mother back here to Bapton along with the mother of No. 14 and another good Phopachy bred Queen of Rothes, all in calf to Bapton Constructor. I only hope I get one bull out of them as good as Nugget is.

It was so nice meeting you all at Louada and again that night at Peterborough.

Margaret joins me in sending very kindest regards to Mrs. Allen and all the folk at the farm.

Your very sincere friend,

S. Allen
